

## EMPLOYEE GROUP BENEFITS – HEALTH AND PENSION

- Lane Quinn Benefit Consultants Ltd. [LQB] is the largest benefit provider to the resource sectors in Western Canada, including energy and mining.
- Since LQB's inception in 2001, we have become an industry leader in domestic and international employee benefit programs. We have spent the time and effort to build a team of experts and as a result, become an extension of our clients team. We understand that employee benefits can be intimidating and complex and our specialized team helps our clients navigate through the benefit processes, including legislation, as quickly and painlessly as possible.
- While LQB has experienced significant growth and change over the years, it is our dedication to exceptional service and sound benefits advice that continues to define and separate us from other health and pension benefit providers.
- Our dedicated service team provides each client's HR department with a valuable resource in managing their entire benefits program, to ultimately reduce both time and operating costs, while maintaining a superior level of employee benefits.
